Computer Science Department
Siebel Center, room 3314
University of Illinois at Urbana-Champaign
201 N. Goodwin Road
Urbana, IL 61801, USA

Academic Employment and Education

- **Technion, Israel's Institute of Technology**, Visiting Scholar (June–December 2007).
- **University of Illinois at Urbana-Champaign**, Beckman Institute Affiliate (Jan 2006–*present*).
- **University of Illinois at Urbana-Champaign**, Assistant Professor in Computer Science (Jan. 2004–*present*).
- **University of California at Berkeley**, Post-doctoral research in the Electrical Engineering and Computer Science Department (2001–2003).
- **Stanford University**, Ph.D. in Computer Science (1995–2001).
Thesis title: *Dividing and Conquering Logic*. – Best Stanford CS thesis, 2001-2002 (see *Awards*).
- **Bar-Ilan University**, M.Sc. in Mathematics and Computer Science (1990–1994).
- **Bar-Ilan University**, B.Sc. in Mathematics and Computer Science, *cum laude* (1987–1990; conferred 1992).

Research Interests

Artificial Intelligence and Machine Learning, with emphasis on systems that combine knowledge, reasoning, learning, and sensings. My technical work is divided between three areas: (a) logic-based knowledge representation and reasoning, (b) probabilistic reasoning and machine learning, and (c) human-level AI theory and systems. I conduct basic fundamental research in these areas and in the boundaries between them. Examples of works that combine these areas include logic-based reinforcement learning in partially observable domains, posterior computation for large relational probability distributions, and probabilistic connections between common-sense knowledge bases and low-level sensory data. I apply my basic-research results to applications that combine these areas. Recent applications of my work include an autonomous car project that I am heading, intelligent game agents (e.g., an award-winning scrabble player, adventure games, and Kriegspiel (partially observable chess)), natural-language processing, robot motion planning, network routing, and others.

Awards and Honors

- *C. W. Gear Faculty Award*, University of Illinois Urbana-Champaign, 2008.
- *Fellow, Arnold O. Beckman Institute*, University of Illinois Urbana-Champaign, 2007-2008.
- *Fellow, Center for Advanced Studies*, University of Illinois Urbana-Champaign, 2007-2008.
- *AI Ten to Watch Award*, IEEE Intelligent Systems Magazine, 2006.
- *Faculty Early Career Development (CAREER) Award*, National Science Foundation, 2006.
- *Arthur L. Samuel Award for best Ph.D. thesis*, Computer Science Department at Stanford, 2002.
- *IBM Yosef Raviv Fellowship*, 2001 (declined).
- Bar-Ilan University M.Sc. Scholarship, 1992-1993.
- Scitex Foundation Scholarship, 1991-1992.
- Wolf Foundation Scholarship, 1990-1991.
- Bar-Ilan University, Computer Science Department Scholarship, 1990-1991.

Papers and Publications

Journal Papers

Published

- [1] N.J. Roese and E. Amir, *Speculations on Human-Android Interaction in the Near and Distant Future*, in press, Perspectives on Psychological Science, 2008.
- [2] E. Amir and A. Chang, *Learning Partially Observable Deterministic Action Models*, accepted for publication, Journal of Artificial Intelligence Research, 2008.

- [77] D. Ramachandran and E. Amir, *Solving Markov Decision Processes in Metric Spaces*, submitted for publication.

In the Media: Articles About Me and My Work

- L. D. Paulson, *Scrabble Program Wins by Inference*, Computer Magazine, March 2007 issue (Vol. 40, No. 3).
- K. Sackley, *Winning Computer Program Created by Graduate Student Beats World Champion Scrabble Player*, Daily Illini, 28th February 2007.
- D. Graham-Rowe, *Robot Learns to Play Dirty Scrabble*, New Scientist Magazine, issue 2586, 16th January 2007.

Teaching Experience

- **Research Advisor at Present** for Ph.D. students (6), undergraduate students (2), and a Postdoctoral researcher (1).
- **Graduated Advisees:** MS students (6), and BS students (3).
- **Collaborative Project**, lead an *Autonomous Car* project, including 4 faculty and 20 students University of Illinois Urbana-Champaign, Computer Science Department, Fall 2006, Spring 2007.
- **Instructor**, *CS 440: Introduction to Artificial Intelligence*, University of Illinois Urbana-Champaign, Computer Science Department, Fall 2006, Spring 2008.
- **Instructor**, *CS 598-EA: Decision-Making Under Uncertainty*, University of Illinois Urbana-Champaign, Computer Science Department, Spring 2005, Spring 2006, Spring 2007.
- **Instructor**, *CS 498-EA: Reasoning and Knowledge Representation*, University of Illinois Urbana-Champaign, Computer Science Department, Fall 2004, Fall 2005.
- **Instructor**, *CS 497-EA: Reasoning in Artificial Intelligence*, University of Illinois Urbana-Champaign, Computer Science Department, Spring 2004.
- **Seminar Organizer**
 - AI-Vision-Robotics Seminar, University of Illinois, Urbana-Champaign (2005–Present)
 - Seminar on Logical Methods, University of Illinois, Urbana-Champaign (2005–2006)
 - Seminar on Approximate Probabilistic Inference, University of Illinois, Urbana-Champaign (2005–2006)
 - Knowledge Representation and Reasoning Seminar, University of Illinois, Urbana-Champaign (2005)
 - AI-Vision-Robotics Seminar, University of California Berkeley. (2001–2003)
 - AI-Vision-Robotics Colloquium, Stanford University. (1998–1999)
- **Reading Group Organizer**, *Artificial Intelligence Agents*,

University of California Berkeley, Computer Science Division, Spring 2002, Autumn 2002.

- **Teaching Assistant**, *CS 121: Introduction to Artificial Intelligence*, Stanford University, Computer Science Department, taught by Nils J. Nilsson, Spring 1998.
- **Teaching Assistant**, *CS 323: Commonsense and Nonmonotonic Reasoning*, Stanford University, Computer Science Department, taught by John McCarthy, Winter 1996, Winter 1997.
- **Teaching Assistant**, *Math 102, Math 103: Introduction to Set Theory and Analysis*, Bar-Ilan University, Department of Mathematics and Computer Science, taught by Yaacov Choueika, Autumn 1991, Spring 1992.
- **Instructor**, *Info 705: Computer Applications* Bar-Ilan University, Information Science Department, Spring 1990.

Academic Service

- **Journals and Conferences Service**
 - **Chairmanship**
 - * co-Chair of the 8th Symposium on Logical Formalizations of Commonsense Reasoning (*Commonsense 2007*)
 - **Editorial Board**
 - * Member in the editorial board of Journal of Artificial Intelligence Research (*JAIR*), 2006–Present
 - **Program Committee Member** for
 - * National Conference on Artificial Intelligence: *AAAI 2008, AAAI 2007, AAAI 2006, AAAI 2005, AAAI 2004*
 - * Uncertainty in Artificial Intelligence Conference (*UAI 2008, UAI 2007*),
 - * Logic in Computer Science (*LICS 2008*),
 - * Logic Programming and Automated Reasoning (*LPAR 2007*),
 - * International Conference on Machine Learning (*ICML 2006*),
 - * European Conference on Artificial Intelligence (*ECAI 2006*),
 - * International Conference on Principles of Knowledge Representation and Reasoning (*KR 2008, KR 2006*),
 - * International Conference on Knowledge Science, Engineering and Management (*KSEM 2006*)
 - * International Symposium on Practical Cognitive Agents and Robots, 2006.
 - * European STarting AI Researcher Symposium (*STAIRS 2006*)
 - * Workshop on Context Representation and Reasoning, 2005,
 - * Symposium on Logical Formalizations of Commonsense Reasoning *Commonsense 2005, Commonsense 2003, Commonsense 2001*,
 - * Doctoral Consortium in Conference on Knowledge Representation and Reasoning (*KR 2004*),
 - * International Cognitive Robotics Workshop (*CogRob 2002*),
 - * Intl. Workshop on Non-Monotonic Reasoning *NMR 2002, NMR 2000*.
 - **Reviewer** for
 - * *Artificial Intelligence Journal (AIJ)*,
 - * *Journal of Artificial Intelligence Research (JAIR)*,

- * *Journal of Machine Learning Research (JMLR)*,
 - * *Communications of the ACM*,
 - * *Annals of Mathematics and Artificial Intelligence*,
 - * *AI Communications*,
 - * *Discrete Applied Mathematics*,
 - * *Addison-Wesley*,
 - * *Cambridge University Press*,
 - * *Morgan Kauffman Publishers*,
 - * Intl. Joint Conference on Artificial Intelligence *IJCAI 2005, IJCAI 2003, IJCAI 2001, IJCAI 1999*,
 - * National Conference on Artificial Intelligence *AAAI 2000*.
- **Professional organizations:**
 - American Association for Artificial Intelligence (AAAI).
 - Institute of Electrical and Electronics Engineers (IEEE).
 - Association for Computing Machinery (ACM).
 - **Advisory Boards**
 - Lifeboat Foundation
 - Project Elliot
 - **Departmental Committee Memberships:**
 - Courses and Curricula Committee.
 - Student Awards Committee.
 - Quality of Doctoral Program, strategic committee.
 - **Service for Government Agencies and Funding Sources:**
 - Reviewer and review-panel member for National Science Foundation (NSF)
 - Reviewer for Israel Science Foundation (ISF)

Awarded Grants

- PI, \$15K, 2007, award from University of Illinois, Urbana-Champaign, Campus Research Board.
- PI, \$20K, 2006, award from University of Illinois, Urbana-Champaign, Coordinated Science Lab.
- PI, \$20K, 2006, award from University of Illinois, Urbana-Champaign, Computer Science Dept.
- PI, \$25K, 2006, award from University of Illinois, Urbana-Champaign, Dean of the College of Engineering.
- PI, \$360K, 2006–2009, award from National Geospatial Intelligence Agency (NGIA).
- co-PI, \$100K (my share), 2006, award from US Army CERL, together with Mehdi Harandi (PI, UIUC).
- PI, \$500K, 2005–2010, CAREER award from NSF.
- PI, \$200K (my share), 2005–2006, together with Jerry DeJong (co-PI, UIUC).
- co-PI, \$880K (my share), 2004–2009, award from DARPA/IPTO, together with Stuart Russell (PI, UC Berkeley).

Invited Talks

- Princeton University, Computer Science Department, Mar 2008, *Reinventing Partially Observable Reinforcement Learning*
- University of Texas at Austin, Computer Science Department, Feb 2008, *Reinventing Partially Observable Reinforcement Learning*
- University of Southern California, Information Science Institute, Feb 2008, *Reinventing Partially Observable Reinforcement Learning*
- Harvard University, Computer Science Department, Feb 2008, *Reinventing Partially Observable Reinforcement Learning*
- Technion, Israel, Industrial Engineering Department, Jan 2008, *Combining Planning and Motion Planning*
- University of Toronto, Canada, Computer Science Department, May 2007, *Logical Filtering and Its Applications* and *AI Completeness: A New Model of Computation for Artificial Intelligence*
- India Institute of Technology (IIT), Delhi, Computer Science Department seminar, December 2006, *Craig's Interpolation Theorem and Its Applications*
- Yahoo! Research Labs, Research seminar, July 2006, *Learning Partially Observable Action Models*
- Reservoir Labs, Research seminar, April 2006, *Learning Partially Observable Action Models*
- Google, Research seminar, March 2006, *Learning Partially Observable Action Models*
- MIT, Machine Learning seminar, March 2006, *Learning Partially Observable Action Models*
- Tel Aviv University, Logic seminar, December 2005, *Lifted First-Order Probabilistic Inference*
- Israel Institute of Technology (Technion), Industrial Engineering and Management seminar, December 2005, *Lifted First-Order Probabilistic Inference*
- Hebrew University, CS seminar, December 2005, *Lifted First-Order Probabilistic Inference*
- University of British Columbia, CS seminar, September 2005, *Lifted First-Order Probabilistic Inference*
- Bar-Ilan U, CS seminar, May 2005, *Learning Partially Observable Action Models*
- UIUC, CS seminar, April 2005, *Agents with Knowledge*
- UIUC, General Engineering seminar, March 2005, *Dividing and Conquering Logic*
- UIUC, ECE seminar, February 2005, *Logical Filtering*
- Tel-Aviv U, Logic seminar, January 2005, *Compact Propositional Encoding of First-Order Theories*
- Tel-Aviv U, CS colloquium, January 2005, *Learning Partially Observable Action Models*
- Cycorp, November 2004, *Using Commonsense Knowledge*
- Cycorp, November 2004, *Directions for Research in First-Order Inference*
- U. of Iowa at Iowa City, CS colloquium, October 2004, *Dividing and Conquering Logic*
- Cycorp, June 2004, *Dividing and Conquering Logic*
- Cycorp, June 2004, *Agents with Knowledge*
- Weizmann inst., Math&CS, May 2004, *Logical Filtering*
- Tel-Aviv U, logic seminar, May 2004, *Dividing and Conquering Logic*
- Tel-Aviv U, CS colloquium, May 2004, *Logical Filtering*
- Hebrew U, CS colloquium, May 2004, *Dividing and Conquering Logic*

- Hebrew U, Machine-Learning seminar, June 2004, *Learning Partially Observable Action Models*
- Technion, CS colloquium, June 2004, *Logical Filtering*
- Haifa U, Rothschild Inst, July 2004, *Logical Filtering*
- MIT, CSAI lab, February 2004, *Logical Filtering*

Industrial Experience

- **Consultant**, Giza Venture Capital. (2000)
Technical evaluation of start-up companies that use artificial intelligence techniques.
- **Software Engineer**, Israel Defense Forces, **Captain**. (1990–1995)
Programming game models and GUI in C++ in a Sun/Solaris environment.
- **Lab Manager**, Bar-Ilan University. (1989–1990)
Hardware and software maintenance for a PC lab.
